

Hasan Ghazzawi

598 Front Street Oshawa, ON

Phone: (289)-992-8540

Email: ghazzawi95@gmail.com

In a nutshell: My passion lies in designing and implementing sustainable software applications. I am detail oriented and always eager to learn and gain experience.

Education

Durham College | Computer Programmer Analyst

Advanced Diploma, Expected graduation in 2016

Overall GPA : 4.46/5.0

Relevant Coursework:

- Advanced application development using C#,C++, and Java that take advantage of object oriented programming concepts.
- Mainframe development using COBOL and DB2
- Advanced back end web development using PHP and PostgreSQL

Technical Achievements

- Developed, implemented and maintained a website for buying and selling android source codes and application templates that takes advantage of PHP and a MySQL relational database.
- Developed and published 14 android applications that have accumulated over 10,000+ downloads each. These apps are built using the android SDK and Java.
- Created multiple productivity applications on windows using the .Net framework that take advantage of speech recognition functionality and help manage day to day activities.
- Setup and implemented social network ads to increase web traffic by 50% to websites using Facebook pages and Google Adwords.
- Implemented mobile monetization using several ad companies such as Admob and Airpush to increase revenue by 60% per app.
